

REJECT - NAB's petition 04-160. Stop trampling our freedom of choice and silence our voices. It is enough that you ignore the rights of those that want to listen to programming the likes of Howard Stern, Tom Lykis etc. have to offer but now they are invading even those that I choose to Pay for! Stay out out of it and if people do not want to hear it then they need to learn about t he on/off switch and tuning dial.
LET FREEDOM RING!!!
